AMENDMENT 4
INSTRUCTION SHEET

The following instructional information and check list is being furnished to help insert Amendment No. 4 into the Virgil C. Summer Nuclear Station OLER.

Since in most cases the original OLER contains information printed on both sides of a sheet of loose leaf paper, a new sheet is furnished to replace sheets containing superseded materials. As a result, the front or back of a sheet may contain information that is merely reprinted rather than changed.

Discard the old sheets and insert the new sheets, as listed below. Keep these instruction sheets in the front of Volume I to serve as a record of changes.
