Your Control Nos: 95873 and 95879

Dear Ms. Vacca:

This is in reference to your letter dated October 3, 1978.

There has been a delay in obtaining some of the documents related to Dr. Stark's training and experience. However, in a recent letter from American Board of Radiology Dr. Stark has been informed that he is certified by the American Board of Radiology in Therapeutic Radiology (1978). This certification supersedes all the other documents you had previously requested. Alan J. Stark, M.D. is licensed to dispense drugs in the practice of medicine in the Commonwealth of Massachusetts and his license registration number in the State of Massachusetts is 41179 dated July 1, 1977.

Copies of his resume and letter of certification received from American Board of Radiology are enclosed.

I hope these details are sufficient to process our request dated August 1, 1978.

Thank you.

Sincerely,

Harry C. F. Gifford  
President  
Baystate Medical Center
