Nuclear Regulatory Commission
611 Ryan Plaza Dr., Suite 1000
Arlington, Texas 76012

Dear Mr. Collins:

South Texas Project
Units 1 & 2
Docket Nos. STN 50-498, STN 50-499
Supplemental Report Concerning
HILTI Kwik - Bolt Expansion Anchors

By letter dated September 8, 1981, Houston Lighting & Power Company provided you a final report concerning a 10CFR50.55(e) item related to HILTI Kwik-Bolt Expansion Anchors. The schedule for the remaining actions has changed due to the change in responsibilities of Architect/Engineer from Brown & Root to Bechtel and the revised project schedule. Updated information regarding remaining corrective actions is as follows:

1. Identification of location and sizes of installed safety related HILTI Kwik-Bolts is complete.
2. The criteria previously described in our September 8, 1981 letter have been incorporated into project documents.
3. The review of previous designs to determine acceptance according to the revised criteria is currently scheduled to be completed by July, 1984. This is an on-going effort with the sequence of design reviews occurring in a manner to allow for timely corrective actions, if required.

If you have any questions, please contact Mr. M. E. Powell at (713) 877-3281.

Very truly yours,

A handwritten signature in cursive script, appearing to read "G. W. Oprea, Jr.".
