

September 18, 1979

NOTE TO: R. Vollmer, Director, TMI Support
FROM: J. T. Collins, Deputy Director, TMI Support
SUBJECT: ITEMS REQUIRING FOLLOW UP-ACTION

- 1) I would appreciate it if you would request DOR A/Ds, Branch Chiefs, Project Managers, and secretaries to include my name on the distribution list for all material pertaining to TMI Units 1 and 2. Note the memo from R. Reid to Dora Hargett dated August 24.
- 2) Bob Fitzpatrick was scheduled to work at TMI this week. In talking to Al Ignatonis, he is not coming up this week. If he is unavailable, thus I would like a replacement for the rest of the week.
- 3) As per our discussion last week, please make necessary arrangements to have Stu Bland come up to TMI and help with the investigation on the over exposures. This should be done ASAP.
- 4) I would like some technical assistance money to contract ORNL to perform an evaluation of the containment sump sample analysis.
- 5) Follow up with Steve Kilphrin the availability of Bill Travers to work on the responses to the letter from the City of Lancaster, Pa. - EPICOR-II EIA. Also contact J. Miller about the availability of R. Emch and D. Muller about the availability of F. Cardile. I would propose that we work all of them up here on a Friday, Saturday, and Sunday. This way it will have the minimum impact on their present assignments.
- 6) We must do something about the mail service between TMI and Bethesda. Note the attached memo from H. Denton to D. Donoghue. It was mailed to me on 9/11 and received in my office at TMI on 9/17 (6 days). There must be a better way.
- 7) The last time we met with Harold, he indicated that he would have Herb Berkow/R. Brady prepare a job description to cover my position at TMI. I have not heard or seen anything on this since that time.
- 8) As soon as possible, we have to get moving on fixing up the trailer for the winter and securing an office in Middletown.
