ATTN: George A. Stone
Radiation Safety Officer
Summit, New Jersey 07901

Dear Mr. Stone:

Subject: Report of Decommissioning of Buildings J, V and Z at 556 Morris Avenue,
Summit, New Jersey

This refers to your letter dated December 3, 1993 transmitting the report of final site surveys performed of Buildings J, V and Z at the above location. This also refers to the telephone conversation on January 5, 1994 between you and Betsy Ullrich of this office.

We understand that, in accordance with the conditions of your Type B license of Broad Scope, you have terminated the use of licensed material in Buildings J, V and Z. These buildings were cleaned and surveyed to determine that no residual contamination remained exceeding NRC guidelines and you have released these buildings for unrestricted use. We further understand that you forwarded the report of the final survey to the NRC for information only and are not requesting any changes to your license at this time.

Thank you for providing this information. A copy of the report will be placed in the Public Document Room.

We have no questions about the decommissioning of these facilities at this time. We understand that you will maintain a copy of this report, as well as the records required by 10 CFR 30.35(g) and the conditions of your license for future reference.
