Subject: Maine Yankee Station Security Plan, Revision 16

Gentlemen:

Please find enclosed six copies of revised pages of the Maine Yankee Atomic Power Station Security Plan. Attached to this letter is a revised Maine Yankee Security Plan Table of Contents (Page ix) and revised page 6.2-1. This revision includes a plan change to accurately describe the existing physical configuration of the Protected Area Barrier.

Based on overall evaluation of the changes made to the Security Plan, it has been determined that the effectiveness of the Plan has not been decreased, therefore, the changes are being submitted under the provisions of 10 CFR 50.54(p). An evaluation of specific changes consistent with this conclusion is presented in the "Description of Changes".

The enclosures to this letter contain SAFEGUARDS INFORMATION of a type specified in 10 CFR 73.21 and shall be protected against unauthorized enclosure. When separated from the enclosures, this letter may be decontrolled.

Very truly yours,

James R. Hebert
