Reference: Revision of EMR for the period 7/1/82 - 9/30/82

Dear Sirs:

Enclosed please find revised pages 3-1, 3-2, and 4-1 to the Effluent Monitoring Report which was submitted by cover letter dated February 15, 1983. The revised pages identify the parameters as radionuclides instead of locations, and delete unnecessary and potentially confusing digits in the identification numbers for the air particulate monitoring sites.

Sincerely,

Fred W. Gerdeman
