Prospective Conventional Uranium Mill License  
**Revision to letter dated January 24, 2019**

Dear Ms. Kock, Mr. Ron Linton,

In a letter addressed to you dated November 22, 2017, in reference to an update to the license application for a conventional uranium processing mill in New Mexico.

The letter stated Rio Grande Resources – Mt. Taylor Mine received the active status permit on November 22, 2017, the actual date of the active status permit was December 29, 2017. Please adjust your records to reflect this correction.

***As of December 2019 Rio Grande Resources- Mt. Taylor Mine continues to hold its Active Status Permit, however as of December 2019, the mine has entered into Closure.***

Please contact me at 505-287-7971 if you require further information or have questions.

Sincerely,
