Gentlemen:

We received your letter of January 18, 1982 and check for \$3,500 for an amendment to Certificate of Compliance No. 6771.

Your request has been classified by the Licensing staff as requiring a major amendment to the certificate. Therefore, a major amendment fee of \$5,500 is required as specified in fee Category 11B of Section 170.31 of the enclosed 10 CFR 170. Fee Category 11B applies to the certificate since the package is approved for 5,000 curies of mixed fission products. Payment of the additional \$2,000 should be made to the U.S. Nuclear Regulatory Commission and mailed to my attention. When submitting the fee, please refer to CONTROL NUMBER 20171.

Please note Footnotes 1(d) and 4 of Section 170.31, which provide that upon completion of the licensing review, the Commission will review its expenditures for professional manpower and appropriate support services, recompute the amendment fee, and, if necessary, make any refunds.

Sincerely,

Original Signed By
