Gentlemen:

Thank you for your letter dated February 28, 1983, informing us of the steps you have taken to correct the noncompliance identified in our letter dated January 12, 1983. We have no further questions regarding your response to Item 1. Regarding Item 2, your response did not specifically address your corrective action in this matter.

As a result of a telephone conversation with you on March 2, 1983 in regards to Item 2, it is our understanding that you will be testing your sealed sources for leakage and/or contamination at intervals not to exceed six months. Please advise us if our understanding is not correct.

Your cooperation with us is appreciated.

Sincerely,

D. G. Wiedeman, Chief
Materials Radiation Protection
