Subject: Quad Cities 1981 Regulatory Guide 1.16 Report

Dear Mr. Keppler:

In reporting the 1981 Regulatory Guide 1.16 report an erroneous number was reported for the occupational exposure of contract workers. The exposure reported under Waste Processing for the operating function was 1470.00 man-rem. This is incorrect. The correct exposure should be 1.470 man-rem.

Contract Workers

Reported 02/17/82

	Waste Processing (# of people/man-rem)
Operating	14/1470.00

Correction

	Waste Processing (# of people/man-rem)
Operating	14/1.470

This correction should also be made for the Total man-rem exposure under the operating function.
