Report)

Dear Sir:

The NRC was notified of a potentially reportable deficiency in Reference  
(A) and an Interim Report was transmitted by Reference (B). At that time,  
it was estimated that a Final Report would be available by March 3, 1982.

Due to the extensive investigation and evaluation required, it is now  
expected that this information will be finalized by April 21, 1982, when  
a complete report will be submitted.

There is no new information or change to the Interim Report at this time.

Very truly yours,

E. E. Van Brunt, Jr.
