Dear Ms. Watson:

This letter refers to the Enforcement Conference held on May 18, 1994, with you and other members of your staff and Mr. Charles W. Hehl and other members of the NRC staff. The meeting enabled us to gain a better understanding of the incident involving the malfunction of your teletherapy timer and your completed and planned actions to correct the apparent violations identified during our inspection March 29-31, 1994. These actions are currently being evaluated by the NRC staff to determine appropriate enforcement action. Enforcement action will be provided in a future correspondence.

In accordance with Section 2.790 of the NRC's "Rules of Practice," Part 2, Title 10, Code of Federal Regulations, a copy of this letter and the enclosed report will be placed in the Public Document Room.

No reply to this letter is required. Your cooperation with us is appreciated.

Sincerely,
