Dear Mr. Myers:

SUBJECT: CHANGE OF SCHEDULE FOR ISSUANCE OF FES -
SKAGIT/HANFORD (S/HNP) NUCLEAR PROJECT
UNITS 1 AND 2

This is in response to your letter of February 4, 1983, in which you requested that the issuance of the Final Environmental Statement (FES) for Skagit/Hanford Nuclear Project (S/HNP) be delayed until after the Northwest Power Planning Council issues the Final Regional Conservation and Electric Power Plan, 1983 (Plan). The draft Plan was issued on January 26, 1983, for public comment; and the final Plan is expected to be issued by April 28, 1983.

Because the draft Plan does not list S/HNP as a generating unit needed within the next twenty years, we believe that delaying the issuance of the FES, to see whether the Northwest Power Planning Council's conclusion with respect to the need for S/HNP will change as a result of public comments, is justified. Accordingly, we will defer the completion and issuance of the FES until after the final Plan is published.

Sincerely,

D G Eisenhut
