Subject: Application for an Export License of Special
Nuclear Material - Shimane Unit No. 1
Nuclear Power Station - Japan

Gentlemen/Madams:

Pursuant to 10CFR110-5 we hereby apply for a license to export Enriched Uranium Dioxide Powder to the Chugoku Electric Power Co., Inc. for the Tenth Reload of Shimane Nuclear Power Station Unit No. 1. Our application form NRC-7 dated February 28, 1983 is enclosed.

Please note General Electric Company in the U.S.A. will perform the UF6-UO2 conversion. The UO2 Powder then will be exported to Japan Nuclear Fuel Company, Ltd. for fabrication into fuel assemblies before finally delivered to Chugoku Electric Power Company, Inc.

Ownership of material at the time of delivery to DOE diffusion plant resides with the Chugoku Electric Power Company, Inc.

We appreciate your expeditious processing and issuance of the export license.

Very truly yours,
