Docket No. 52-002

Attn: Document Control Desk
U.S. Nuclear Regulatory Commission
Washington, D.C. 20555

Subject: Response to Request for Comments on CDM Guidance
Document

Reference: Letter from R. W. Borchardt to C. B. Brinkman dated
March 24, 1994.

Dear Sirs:

The reference letter requested ABB-CE to provide comments to the NRC on a draft document entitled, "Certified Design Material/ ITAAC Review Guidance." Comments were requested by May 20, 1994.

Since a similar letter had been sent to the other evolutionary plant vendor, NEI requested that we submit comments through them so that the industry's response might be coordinated. Concurrent with this letter, we are providing our detailed markup of the draft document to NEI. I expect that shortly you will be receiving from NEI a copy of our comments integrated with others from the industry.

If we can be of further service to you in this matter, please contact me.

Sincerely yours,

C. B. Brinkman
Director
Nuclear Systems Licensing
