Subject: Peach Bottom Atomic Power Station, Units 2 and 3
1994 Annual Emergency Exercise Objectives

Reference: Letter from W. J. Lazarus (NRC) to C. A. McNeill (PECO)
dated August 9, 1989

Dear Sirs:

Attached are the objectives for the Peach Bottom Atomic Power Station (PBAPS), Units 2 and 3 1994 Annual Emergency Preparedness Exercise, scheduled for August 22, 1994. This information is being submitted ninety (90) days prior to the start of the exercise in accordance with guidance provided in the referenced letter. This exercise is defined as full participation, so therefore it will fully involve offsite emergency response organizations.

The referenced letter provides guidance on the submittal of emergency exercise objectives and scenario guidelines. Additionally it specifies that the scenario, only, should be protected and distribution limited to those individuals identified in the letter. However, based on our conversations with NRC Region I representatives concerning the confidentiality of emergency exercise objective and scenario guidelines, the attached information will only be distributed to these individuals specified as recipients in the letter and is not for public disclosure.
