Dear Mr. Boulette:

SUBJECT: REQUEST FOR APPROVAL OF ALTERNATIVE REACTOR BUILDING
RESPONSE SPECTRA

In a letter to the U.S. Nuclear Regulatory Commission (NRC) dated April 1, 1994, you submitted the subject request and asked for a written cost estimate to review and approve the submittal as it is subject to 10 CFR Part 170 fees.

Accordingly, the NRC staff has performed a preliminary assessment of the documentation provided and estimates the cost to be \$100,000.00 to review your submittal. Based on the current workload, it will take approximately 9 months to complete the review. Please be advised that these are only estimates and that the real time and cost could exceed the estimates depending on the extent of the need for additional confirmatory analyses and audit of calculations that were performed in support of your report.

Please let me know if you still want your request processed.

Sincerely,
