SUBJECT: Waterford 3 SES Docket # 50-382
Recruiting and Upgrading of Total Corporate Capability

Dear Ms. Black:

In its meeting of August 6, 1981 with the ACRS, Louisiana Power & Light Company stated its intention to provide Dr. Hanauer with a monthly report of LP&L's activities relating to recruiting and upgrading of total corporate capability. This is the thirteenth such report.

In July, Attachment 2 showed all key positions being filled. During August the Ass't Plant Manager, O & M resigned. We failed to explain this in our August update. At the present time an extensive recruiting effort is underway to fill this position. As can be seen in the September update, three (3) candidates are being considered.

The staffing status of the Nuclear Organization as of September 15, 1982 is provided in Attachment 1.

Attachment 2 to this report provides a status of the staffing commitments we made in our April 20, 1981 letter to the NRC.

Yours very truly,

L.V. Maurin
