SUBJECT: Comments on Staff Analysis of GPU v. B&W Transcript

The Commission has decided to permit the parties to this proceeding to submit, if they wish, written comments on the Commission staff's analysis of the trial transcript in the GPU v. B&W case. The staff analysis is expected about 28 March 1983; it will be served on the parties when issued. The parties' comments must be filed with the Docketing & Service Branch not later than 15 days after the service of the staff's analysis.

This advance notice is being provided to the parties so that they may, if they wish, familiarize themselves with the transcript prior to receiving the staff's analysis. One copy of the transcript is presently available in the Commission's Public Document Room at 1717 H Street, N.W., Washington, D.C. Another copy will soon be placed in the Local Public Document Room, located in the State Library of Pennsylvania, Walnut Street and Commonwealth Avenue, in Harrisburg.
