Please reply to: Survival Equipment Corporation
50 East 42 Street, New York, N. Y. 10017

July 7, 1970

U. S. Atomic Energy Commission
Division of Materials Licensing
Washington, D. C. 20545

Attention: Mr. Robert E. Brinkman
Isotopes Branch

Dear Sirs:

Our corporation identifies with Waltham Compass Corporation to whom you granted Byproduct Material License No. 20-12943-01 dated October 29, 1968; Amendment No. 01 thereto dated April 17, 1969; and Amendment No. 02 thereto dated February 11, 1970.

The officers, directors and stockholders of Waltham Compass Corporation and Survival Equipment Corporation are identical and each corporation has its executive office at No. 50 East 42 St., New York, N. Y. and its principal place of business at No. 609 Main St., Waltham, Mass.

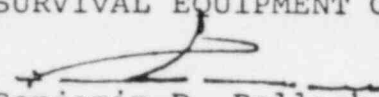

Survival Equipment Corporation expects to receive an order for the supply of compasses, button, 3/4 inch diameter, treated with promethium-147 radio-luminous paint in ceramic spheres, and will therefore require a separate and independent byproduct material license from your agency to receive, handle and deal in such product. Accordingly, we would appreciate your forwarding to us an application, in triplicate, for such byproduct material license together with your current instructions for preparation thereof.

Be assured that we shall not treat with or deal in the end item hereinbefore referenced unless and until we apply for and receive from your agency the necessary byproduct material license.

Any consideration you may see fit to extend in the circumstances will be appreciated.

Very truly yours,

SURVIVAL EQUIPMENT CORPORATION

Benjamin D. Pollack
Clerk
