Waltham Compass Corporation
609 Main Street
Waltham, Massachusetts 02154

Attention: Mr. Benjamin D. Pollack
Clerk

Gentlemen:

In support of your application for amendment of License No. 20-12943-01, please submit the following:

- a. A description of your facilities and equipment for mixing paint containing promethium 147 and your facilities and equipment for applying paint to compass parts. These should include a description of ventilation in these areas.
- b. A description of the method of preparation of the paint.
- c. A description of the training which will be given to persons who will actually handle the luminous paint.
- d. A copy of the written instructions which will be provided to persons who mix or apply paint. This should include detailed step-by-step procedures to ensure safety and should include instructions for use of protective clothing, precautions to be taken during the use of the paint, decontamination procedures in the event that there is a spill or other accident involving the paint, and procedures for survey of personnel at the conclusion of painting operations.
- e. A description of the surveys which will be performed to determine whether there may be contamination of the facility and steps which will be taken if contamination is found. The monthly surveys mentioned in your letter dated August 5, 1969 would not be sufficient.
- f. A description of your bioassay program.

bcc: St. Br. Dist.
CO, REGION I
DML

Sincerely,
Original signed by
Robert E. Brinkman
