Docket No. 52-002

Document Control Desk  
U.S. Nuclear Regulatory Commission  
Washington, DC 20555

Subject: System 80+™ Certified Design Material - Minimum  
Inventory of Controls

Dear Sirs:

This letter responds to a question asked by Mr. G. Galletti (NRC) concerning the controls listed in System 80+ Certified Design Material (CDM) Table 2.12.1-1, "MCR Minimum Inventory of Fixed Position Annunciators, Displays, and Controls."

As a result of revisions to CDM Sections 2.6.1 and 2.6.2, all controls identified in Table 2.12.1-1 are now explicitly addressed in appropriate CDM sections and their functioning is verified by testing requirements specified in the CDM.

Should you have any questions on this matter, please call me or Mr. George Hess at (203) 285-5218.

Very truly yours,

COMBUSTION ENGINEERING, INC.

C. B. Brinkman  
Director  
Nuclear Systems Licensing
