Note To: Doris Hoover

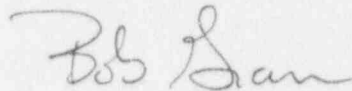

From: Bob Gramm

Subject: Placement of Topical Report in the PDR

I had originally forward a draft Topical Report from CER Corporation for placement in the PDR. Due to copyright restrictions, you had returned the document to me pending receipt of authorization from CER to reproduce the document. In the interim, CER has published a final version of the report, and provided their authorization for the NRC to duplicate their report.

Attached is the final CER report, the CER letter that transmitted the draft and final reports to the NRC, my original note to place the draft CER report in the PDR, a letter requesting CER authorization to place the document in the PDR, and CER's authorization for the NRC to reproduce the topical report.

Please forward the CER letters and report to the PDR. If there are any questions, I can be reached at 504-1010.

Bob Gramm
