Dear Mr. Meyer

We are in receipt of your letter of January 3, 1994, that transmitted three copies of your report entitled "History of 10CFR50, Appendix B, And Its Impact on Nuclear Power Plant Performance."

While your report contains much interesting material, we are unable to place the document in the Public Document Room (PDR) because of the copyright restrictions and additional restrictions outlined in your letter. The following options are available:

1. If you provide us with your written consent to reproduce the document, without placing any limitation on the NRC regarding subsequent distribution, we can place the document in the PDR and distribute it to interested NRC employees, or
2. If you cannot provide that consent, we will return the three copies of the report to you.

Pending your response to this letter, we will hold the final report copies. If there are any questions regarding this matter, please contact Robert Gramm at (301) 504-1010.
