ATTN: M. Donald A. Wells
Manager, Quality Assurance

Detroit, MI 48226

Gentlemen:

Thank you for your letter of February 22, 1983, informing us of the actions you are taking in response to the open items discussed in our letter of January 21, 1983. We have examined the letter EF 2-61237 of December 29, 1982, closing the June 1979 audit of NUS Environmental Services and therefore we will close out open item 50-341/80-07-01. However, 82-04-01 will remain open, until NUS corrective action to the five findings and nine observations identified by your December 1982 audit is completed and confirmed by you in a followup audit. The corrective actions taken on the other open items described in your letter of February 22, 1983, will also be examined in a future inspection.

Your cooperation with us is appreciated.

Sincerely,

C. J. Paperiello
