Dear Mr. Wiedeman,

This written statement is in reply to your report dated February 9, 1983.

License Condition Number 14 is being brought into compliance by the scheduling of Medical Isotope Committee meetings on a quarterly basis. These meetings have begun for 1983 and will continue. Scheduled dates are the first Friday of March, June, September, and December.

Thank you for bringing this recent change in Nuclear Regulatory Policy to our attention.

Sincerely,

Alan J. Sprintz,
Executive Vice President
