Dear Ms. Henby:

We attach completed Form NRC-7, export license application, for shipment of zirconium tubing to Atomic Energy of Canada. Please note that the tubing is ready for immediate shipment. Therefore, we would be most appreciative if the application could be processed expeditiously so we can then execute shipment promptly.

We also request that we may be provided with 25 additional blank NRC-7 forms as our supply has now been exhausted. Many thanks for your kind attention to these requests.

Very truly yours,

Robert W. Baumgard
