Docket 50-193

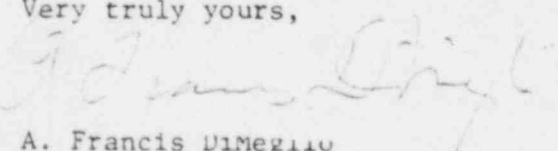

Dear Sir:

Enclosed is the proposed, upgraded emergency plan for the Rhode Island Nuclear Science Center.

Please note that appendices 3.1, 3.2, 3.3, 3.4, 3.5, 3.6, 3.7, 3.8, 3.9, 3.10, and 3.11 contain the agreements we have reached with offsite agencies. All but three (3) of these agreements are current (less than two (2) years old). We have not yet received current agreements from DOE - Radiological Assistance Plan (Appendix 3.8), the FBI (Appendix 3.10) and the U. S. Coast Guard (Appendix 3.11). However, the existing agreements are still in force and have been included in the plan submitted. We have requested new agreements and will submit them as soon as we receive them.

We will begin to implement the plan during the review and approval process.

Very truly yours,

A. Francis DiMeglio
