Dear Mr. Smith:

I would like to thank you very much for coming to Crawford Thursday, March 3, 1983 to attend the meeting in the Wyoming Fuel Company office Thursday morning and the public meeting held that evening in the Crawford High School. I feel that your presence, and that of John Linehan, added significantly to the discussion which was held in our office on Thursday morning between yourselves, Mr. Kerrey of the Governor's office, Mr. Ludwig and his staff of the Nebraska DEC, representatives of Senator Cullan's office, and representatives of the Upper Niobrara Natural Resource District. Your presence at the public meeting also is appreciated inasmuch that I feel it created an atmosphere in which reasonable questions were addressed to the public forum.

We look forward to working with you and your staff in your review of our R&D Permit Application.

Very truly yours,

Paul C. Jones
