Docket No. 50-344

Portland General Electric Company  
121 S. W. Salmon Street  
Portland, Oregon 97204

Attention: Mr. Bart D. Withers  
Vice President - Nuclear

Gentlemen:

Subject: Inspection Report - Trojan

This refers to the routine inspection conducted by Mr. M. Cillis of this office on August 16-20, 1982, of activities authorized by NRC License No. NPF-1, and to the discussion of our findings held by Mr. Cillis with Mr. C. P. Yundt and other members of your staff at the conclusion of the inspection.

Areas examined during this inspection are described in the enclosed inspection report. Within these areas, the inspection consisted of selective examinations of procedures and representative records, interviews with personnel, and observations by the inspector.

No items of noncompliance with NRC requirements were identified within the scope of this inspection.

In accordance with 10 CFR 2.790(a), a copy of this letter and the enclosure will be placed in the NRC Public Document Room unless you notify this office, by telephone, within ten days of the date of this letter and submit written application to withhold information contained therein within thirty days of the date of this letter. Such application must be consistent with the requirements of 2.790(b)(1).
