Dear Mr. Maas:

SUBJECT: EXTENSION FOR RESPONSE TO DECOMMISSIONING FUNDING PLAN QUESTIONS
(TAC NO. L21681)

In a letter dated March 24, 1994, the Nuclear Regulatory Commission requested additional information on your decommissioning funding plan and that the information be provided within 60 days, i.e., by May 24, 1994. By letter dated May 11, 1994, you requested a delay in the response date to August 15, 1994, to allow you to coordinate the decommissioning plan with the Dangerous Waste Program Closure Plan which you are preparing for the State of Washington.

We agree that coordination of these two plans should result in a package that is responsive to the needs of both the NRC and the Washington Department of Ecology. We therefore agree to extend the due date for the response to our questions to August 15, 1994. The August 15 package should reply to all of the questions in our March 24 letter.

If you have any questions, please contact me at 301-415-7290 or Mary Adams at 301-415-8111.

Sincerely, ORIGINAL SIGNED BY
