By application dated July 15, 1982, Technical Operations, Inc., requested a NRC Certificate of Compliance for the Model No. 864 package. The application also requested that the package design be issued an IAEA Certificate of Competent Authority as a Type B(U) package.

Based upon our review of the application, we have concluded that the package (Model No. 864) authorized by NRC Certificate of Compliance No. 9166 meets the requirements for Type B(U) packages.

Sincerely,
