Mr. James A. Kay
Senior Engineer - Licensing
Yankee Atomic Electric Company
1671 Worcester Road
Framingham, Massachusetts 01701

Dear Mr. Kay:

SUBJECT: TRAINING FOR MITIGATION OF CORE DAMAGE - TMI ACTION PLAN
ITEM II.B.4.1 - YANKEE NUCLEAR POWER STATION (YANKEE)

The staff is continuing its review of your submittals of July 29, 1980 and June 11, 1980 regarding Action Plan Item II.B.4.1 for Yankee. We have not been able to determine, however, the nature of your training for new personnel who have not been trained when they assume a position which requires such training.

We therefore request that, within 30 days of your receipt of this letter, you provide a description of how your program will provide this training for new personnel, and how periodic refresher training will be performed.

This request for information affects fewer than ten respondents; therefore, OMB clearance is not required under P.L. 96-511.

Sincerely,

Original signed by
