Gentlemen:

In accordance with your application dated April 28, 1982, and pursuant to Title 10, Code of Federal Regulations, Part 70, Special Nuclear Material License No. SNM-777 is hereby amended as follows:

The licensee is exempted from requirements in License Condition 22 to replace Well A and Well 11.

Action on the request to delete monthly sampling requirements on the 500,000-gallon tank leak detection system will be considered after results of your decontamination effort have been provided to the Commission.

All other conditions of this license shall remain the same.

Enclosed for your information is a copy of our Safety Evaluation Report (SER).
