

APPENDIX A

NOTICE OF VIOLATION

Entergy Operations, Inc.
Waterford Steam Electric Station, Unit 3

Docket: 50-382
License: NPF-38

During an NRC inspection conducted on March 6 through April 16, 1994, one violation of NRC requirements was identified. In accordance with the "General Statement of Policy and Procedure for NRC Enforcement Actions," 10 CFR Part 2, Appendix C, the violation is listed below:

Technical Specification 6.8.1.a states, in part, that written procedures shall be established, implemented, and maintained covering the applicable procedures recommended in Appendix A of Regulatory Guide 1.33, February 1978.

Regulatory Guide 1.33, Appendix A, Section 7, lists access control to radiation areas, including radiation work permits, as activities to be covered by procedures.

Step 4.7 of Procedure HP-001-110, Revision 13, "Radiation Work Permits," states, in part, that individuals working under a radiation work permit are responsible for reviewing the radiation work permit and observing and abiding by the radiation work permit and the radiological signs posted within the radiologically controlled area.

Contrary to the above, a containment airlock door operator was inside a posted contaminated area without a full set of protective clothing as required by the applicable radiation work permit.

This is a severity Level IV violation (Supplement IV) (382/9408-02).

Pursuant to the provisions of 10 CFR 2.201, Entergy Operations, Inc. is hereby required to submit a written statement or explanation to the U.S. Nuclear Regulatory Commission, ATTN: Document Control Desk, Washington, D.C. 20555 with a copy to the Regional Administrator, Region IV, 611 Ryan Plaza Drive, Suite 400, Arlington, Texas 76011, and a copy to the NRC Resident Inspector at the facility that is the subject of this Notice, within 30 days of the date of the letter transmitting this Notice of Violation (Notice). This reply should be clearly marked as a "Reply to a Notice of Violation" and should include for each violation: (1) the reason for the violation or, if contested, the basis for disputing the violation, (2) the corrective steps that have been taken and the results achieved, (3) the corrective steps that will be taken to avoid further violations, and (4) the date when full compliance will be achieved. If an adequate reply is not received within the time specified in this Notice, an order or a Demand for Information may be issued to show cause why the license should not be modified, suspended, or revoked, or why such other

action as may be proper should not be taken. Where good cause is shown, consideration will be given to extending the response time.

Dated at Arlington, Texas,
this 3rd day of June 1994
