Dear Mr. Muntzing:

Georgia Power Company hereby files an Application for a Construction Permit and Operating License for a nuclear power plant, designated as the Alvin W. Vogtle Nuclear Plant. Submitted herewith, in support of this application, are the facility Preliminary Safety Analysis Report, Environmental Report, and information requested by the Attorney General for the Anti-Trust Review.

In accordance with current requirements, we enclose three (3) signed copies and seven (7) conformed copies of this application, ten (10) copies of the documents submitted in support of this application (herein defined), and the application fee for a construction permit for a power reactor as required by 10CFR170.21.

Very truly yours,

Edwin I. Hatch
