Dear Sirs:

Attached please find a memorandum to the Suffolk County Executive from the Chairman of the Suffolk County Radiological Emergency Response Plan Steering Committee stating that the submittal of the draft County radiological emergency response plan will be delayed by approximately two and a half weeks.

Yours truly,

Christopher M. McMurray

DATE: September 22, 1982

RE: SUFFOLK COUNTY RADIOLOGICAL EMERGENCY RESPONSE PLAN

On April 15, 1982, you directed that the Suffolk County Radiological Emergency Response Plan be presented for your review by October 1, 1982. This is to inform you that, because of unavoidable delays, the Steering Committee will not be in a position to provide you with a working draft of the plan until October 18, 1982. That draft will contain essential elements of the County's plan and will identify issues to be resolved. It will not, of course, contain the detailed implementing procedures which will need to be developed to implement the specific provisions of the plan.
