

PDL

UNITED STATES
NUCLEAR REGULATORY COMMISSION
WASHINGTON, D. C. 20555

May 20, 1994

CHAIRMAN

Dr. Dana A. Powers
7964 Sartan Way, NE
Albuquerque, New Mexico 87109

Dear Dr. Powers:

On behalf of the Commission, I am pleased to offer you an appointment to a four-year term on the Advisory Committee on Reactor Safeguards (ACRS). As you know, the ACRS advises the Commission on the safety of proposed or existing reactor facilities, the adequacy of proposed reactor safety standards, and such other duties as the Commission may request.

The Commission offers this appointment based on the understanding that you will not advise the ACRS on any particular matter that would directly and predictably affect the financial interests of Sandia National Laboratories or AT&T.

Although we will make an effort to minimize our demands on your time, we recognize that service on the Committee will entail some sacrifices on your part. We appreciate your willingness to give your time and energy to an effort that is so important to the further progress of the Nation's nuclear regulatory program.

Sincerely,

Ivan Selin
