Gentlemen:

Pursuant 10CFR50.54(q) and 10CFR50 Appendix E, Section V, enclosed is the recently approved revision 11 to the River Bend Station Emergency Plan. This revision incorporates the changes required by the EPA-400-R-92-001 manual and the new 10CFR20 changes. The clarity of the Emergency Plan is also improved.

It has been determined that these changes do not decrease the effectiveness of the approved Emergency Plan. The Emergency Plan continues to meet the standards of 10CFR50.47(b) and 10CFR50 Appendix E.

Sincerely,

James J. Fisicaro
Director-Nuclear SafetyJJF/jr
