Gentlemen:

Subject: NRC Inspection of San Onofre Units Nos. 2 and 3

This refers to the routine inspection conducted by Messrs. D. F. Kirsch and M. Mendonca of this office on September 5-17, 1982 of activities authorized by NRC License No. NPF-10 and NRC Construction Permit No. CPPR-98, and to the discussion of our findings held with Mr. W. C. Moody and other members of the Southern California Edison Company staff at the conclusion of the inspection on September 17, 1982.

Areas examined during this inspection are described in the enclosed inspection report. Within these areas, the inspection consisted of selective examinations of procedures and representative records, interviews with personnel, and observations by the inspectors.

No items of noncompliance with NRC requirements were identified within the scope of this inspection.

In accordance with 10 CFR 2.790(a), a copy of this letter and the enclosure will be placed in the NRC Public Document Room unless you notify this office, by telephone, within ten days of the date of this letter and submit written application to withhold information contained therein within thirty days of the date of this letter. Such application must be consistent with the requirements of 2.790(b)(1).
