Subject: STOP WORK ORDER

A Stop Work Order was issued on October 11, 1982, by Cincinnati Gas & Electric Company for all essential work activities performed by Catalytic, Inc. These activities involve rework of selected items identified by the Quality Confirmation Program in structural steel and welding (non-ASME). Catalytic, Inc. will continue to perform non-essential work activities.

The Stop Work Order was issued following discussions between Region III and the licensee by telephone October 8, 1982, regarding inspection findings associated with the CG&E management controls and interfaces with Catalytic, Inc. The resident inspectors will follow the Stop Work Order implementation.

Region III is tentatively planning a management meeting with CG&E during the week of October 18, 1982 to discuss the inspection findings and have an enforcement conference.

Neither Region III nor the licensee plans a news release.

The State of Ohio will be notified.

The licensee notified Region III of the Stop Work Order at 5 p.m. (CDT) October 12, 1982. This information is current as of 11 a.m. (CDT), October 13, 1982.
