MEMORANDUM FOR: Those on Attached List
FROM: Victor Stello, Jr., Chairman
Committee to Review Generic Requirements
SUBJECT: LONG-RANGE CRGR AGENDA

Enclosed is the Long-Range CRGR Agenda for the period from October 1, 1982 through September 30, 1983. Although I planned to update the agenda every other month, the number and extent of agenda changes recently communicated to my staff indicate that monthly agenda updating is appropriate. Therefore, I request that by November 1, 1983, you forward to Walt Schwink any modifications for agenda items that do not reflect current status. (A copy of the agenda with modifications annotated will suffice.)

The CRGR Charter dated June 16, 1982, identifies subjects that are candidate for CRGR consideration. For each new item that you judge to be a candidate for CRGR consideration, please provide the following information:

- (1) Official title or brief description of the item.
- (2) Priority: A (high), B (medium) or C (low) for resolving scheduling conflicts. (Where there are CRGR scheduling conflicts, priority A items will be scheduled first.)
- (3) Date item is to be submitted for CRGR consideration.
- (4) Requested date for completing CRGR consideration.
- (5) Cognizant office and contact with telephone number.
- (6) Brief summary of current status.

Original Signed by
Stello
