Docket No. 50-397

Washington Public Power Supply System  
P. O. Box 968  
Richland, Washington 99352

Attention: Dr. R. G. Matlock  
Program Director

Gentlemen:

Subject: NPC Inspection

This refers to the inspection conducted by Messrs. J. Elin, A. D'Angelo, and R. T. Dodds of this office on July 26-30, August 9-13, and August 30 to September 3, 1982, of activities authorized by NRC Construction Permit No. CPPR-93, and to the discussion of their findings with Dr. R. G. Matlock and other members of your staff at the conclusion of the inspection.

Areas examined during this inspection are described in the enclosed inspection report. Results of the inspection related to electrical installation practices will be included in a subsequent report (50-397/82-21). Within these areas, the inspection consisted of selective examinations of procedures and representative records, interviews with personnel, and observations by the inspectors.

No items of noncompliance with NRC requirements were identified within the scope of areas inspected and discussed in this report.

In accordance with 10 CFR 2.790(a), a copy of this letter and the enclosure will be placed in the NRC Public Document Room unless you notify this office, by telephone, within ten days of the date of this letter and submit written application to withhold information contained therein within thirty days of the date of this letter. Such application must be consistent with the requirements of 2.790(b)(1).
