Dear Dennis:

I was pleased to learn from your letter of August 26, 1982, that we are getting close to agreement on the Radiological Protection Activities Coordination Plan. Since this agreement is closely linked with NRC staff plans for responding to a Commission directive to prepare a proposed rule change in this area, I need to assure that the proposed rule going to the Commission is congruent with our agreement. I expect the Commission to deal with this matter within the next few months and I will keep you abreast of our progress.

Sincerely,

(Signed) William J. Dircks
