Subject: Groundwater Monitoring
General Electric Company
New Hanover County

Dear Mr. Crow:

As we discussed during our telephone conversation today and our meeting last week, the Division of Environment Management is preparing to impose a groundwater monitoring program on General Electric Company. Final details of the program are anticipated to be complete by next week and the program implemented on or before November 1, 1982.

You will be advised of any changes in the status of this project. A copy of the monitoring program will be forwarded to you also.

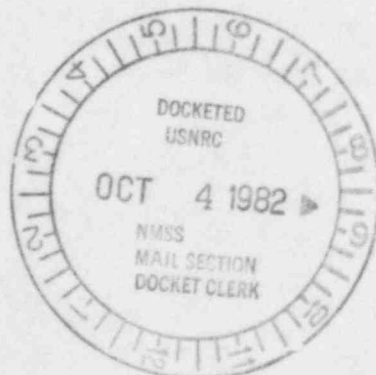

If you have any questions, please call me.

Sincerely,

Charles Wakild
Regional Supervisor
