Re: In the Matter of Commonwealth Edison Co.
(Byron Station, Units 1 and 2), 50-454, 50-455

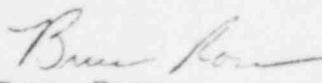

Gentlemen:

This is to correct two typographical errors and a minor misstatement which inadvertently appeared in the Answers of the Rockford League of Women Voters to the Amended First Set of Interrogatories of the NRC Staff. Consequently, please file this letter along with the copies of those Answers which you should have previously received.

The two typographical errors appear at page 108-3 in the first paragraph. The first is the date of publication of the Byron Station Emergency Plan Annex which should read "June 1982." The second typographical error concerns the spelling of Dixon, Illinois, which mistakenly appeared on page 108-3 as "Dickson." The other error appeared on page 108-1 in paragraph 1 where it was indicated that payments made to the State of Illinois funded its "radiological emergency preparedness and planning activities." Actually, those funds are paid to the State of Illinois for its radiological accident fund.

A copy of this letter will be sent to each of the parties previously served copies of the League's Answers to the Staff's Amended First Set of Interrogatories. Thank you for your attention in this matter.

Sincerely,

Bruce Rose
