King of Prussia, PA 19406-1415

Subject: Inspection Report No. 50-193/94-01/Status of State  
Program/Documentation of ALARA and Radiation  
Protection Program

Dear Mr. Joyner:

The State of Rhode Island Rules and Regulations has been revised to reflect the changes in 10CFR20. An abridged version was received first and the final complete version was received on May 9, 1994.

We have started revising the procedures and the Radiation Safety Guide. The documentation will be completed by July 31, 1994 rather than June 1, 1994 due to delays associated with the receipt of revisions from the state.

Sincerely,

Terry Tehan  
Director
