ATTENTION: MR. R. W. BORCHARDT

SUBJECT: QUICK LOOK DATA REPORT FOR AP600 PCCS LARGE SCALE PHASE 2
TESTS: TESTS 224.1 AND 224.2

Dear Mr. Borchardt:

Enclosed with this letter is a report describing the results of tests performed at the AP600 PCCS Large Scale Test Facility. This Quick Look Data Report (QLR) summarizes the test conditions and measured data for tests 224.1 and 224.2.

The purpose of these data reports is to provide the NRC staff with information on AP600 matrix tests of sufficient depth to enable early evaluation and analysis of test results.

The QLR contains Westinghouse proprietary information and is identified as preliminary. This information will be incorporated in the Final Test Report for each test. With the publication of the Final Test Report, the preliminary identification will be removed and a non-proprietary version of the Final Test Report will be prepared.

An electronic copy of the test data included in the QLR is provided as Enclosure 2 on a single 3.5" High Density Diskette.

The Westinghouse Electric Corporation copyright notice, proprietary information notice, application for withholding and affidavit are attached.

This submittal contains Westinghouse proprietary information consisting of trade secrets, commercial information or financial information which we consider privileged or confidential pursuant to 10CFR2.790. Therefore, it is requested that the Westinghouse proprietary information attached hereto be handled on a confidential basis and be withheld from public disclosures.
