SUBJECT: ACCEPTANCE REVIEW OF THE MILLSTONE-3 ENVIRONMENTAL REPORT

The purpose of this memorandum is to request your assistance in performing the acceptance review of the Millstone-3 Environmental Report (ER-OL). On October 29, 1982, Northeast Utilities tendered an operating license application for Millstone-3. The application included the ER-OL. Copies are now being distributed. If you have not received a copy by November 5, 1982 please have your reviewers contact the project manager, Beth Doolittle (extension 27134).

Please forward the results of your acceptance review by December 3, 1982. If you identify additional information that will be required for your detailed review, this should be described in the format of requests for additional information using the NRC staff numbering system that identifies the cognizant branch/section and the number of each request from that branch/section. All requests for additional information resulting from your review should be submitted to T. Novak from your AD as is done in the safety review.

Please inform Beth Doolittle if you will be unable to complete your acceptance review by December 3, 1982.
